TALMADGE-VANDIVER SELLOUT

TALMADGE-VANDIVER SELL OUT

The late Eugene Talmadge, father of U.S. Senator Herman Talmadge, when Governor of Georgia, courageously defended the White Race and openly showed his contempt for the race-mixers. The result was that the Jew-controlled newspapers carried on a constant campaign of abuse and defamation against him, but they couldn't make him surrender. The great Eugene Talmadge said, "When you hear that the Atlanta newspapers are bragging on me, you will know that I have sold you out." They never bragged on him, but they are now bragging on his son, Herman.

As a result of his father's White Supremacy reputation, Herman Talmadge was enabled to become Governor of Georgia and then to get elected to the U. S. Senate without ever doing anything for the White race. When governor, Herman published a weekly newspaper, The Statesman. During each election campaign its columns were devoted to the racial issue. As soon as each election ended, it completely dropped any mention of the race problem. Herman only used the "negro" issue to get votes. As a public official, he has never seriously done anything to maintain separation the the races. He is a disgrace to his father and counts Rastus McGill and the Atlanta newspapers among his chief supporters.

ISRAELI BOND SALESMAN

Among the Jews, Herman Talmadge is known as the South's No. 1 salesman of Israeli bonds. When launching their drives to sell "Bonds for Israel," Herman is the featured speaker at Jewish banquets. He stays close to massive landowner Ben Massell and other B'nai B'rith leaders by attending activities in Atlanta's Jewish clubs, such as the Mayfair Club, etc. Ben Massell and his fellow Jews own most of Atlanta's most valuable business property.

N. C. C. J.

The so-called National Conference of Christians and Jews is one of the most notorious race - mixing organizations in America and floods churches, schools, clubs, radio and television with its poisonous propaganda. It sponsors "Brotherhood Week" during the last full week of

February (Feb. 19-26 this year) at which time it saturates America with its race-mixing hogwash. It maintains four so-called "international houses" where men and women of the White, negro and all other races are fed and housed together and engage in various social activities. The Jews control it. According to its official literature, Herman Talmadge is a member of the N.C.C.J. He is so chummy with the Jews that one might wonder if he is going to follow in the footsteps of Sammy Davis, Jr. and become a convert to Judaism. In 1957, upon becoming a senator, he made his maiden speech in the U.S. Senate. In that speech he gave no recognition to the White people of Georgia who had elected him. Instead, his speech was devoted to praising the Jewish State of Israel where communism is legal and condemning Egypt where communism is outlawed and the communists are in jail.

OPPOSES REAL SEGREGATIONISTS

Herman has done everything he could to head off genuine Georgia Segregationist leaders like Roy V. Harris, William T. Bodenhamer and Parson Jack Johnston. Elsewhere in this edition of The Thunderbolt, read the letter from Herman to Parson Jack,

editor of The Georgia Tribune, which uses a cheap, lying excuse for taking his articles out of The Tribune. Herman wants nothing to do with staunch fighting Segregationists. He does not want his articles in either The Georgia Tribune or The Augusta Courier. He fears it might offend some race-mixing Jew or negro in Atlanta.

SURRENDER PRE-PLANNED

The Jews have long believed that they would have to integrate Atlanta before they could integrate the rest of the South. Herman Talmadge fell in with that plan several years ago. He showed where he really stood when he joined forces with Ralph McGill and the integrationist Atlanta newspapers to elect Ernest Vandiver Governor of Georgia in 1958. During the 1958 election campaign, Vandiver solemnly, but lyingly, promised the White people of Georgia that he would maintain Segregation. He repeatedly said, "When I am your governor, neither my three children, nor any child of yours, will ever attend a racially-mixed school in the State of Georgia." McGill and Talmadge, at the time, approvingly knew that integrationist Vandiver was lying to the people to get their votes. Talmadge criticized Vandiver for making the

"extreme" statement pledging segregated schools because he said that Vandiver could win over William T. Bodenhamer, a sincere Segregationist, without making such a statement.

HERMAN'S "TOKEN" INTEGRATION

In 1960, Vandiver, the stooge for Talmadge and McGill had the legislature to create the Sibley Commission to study the school situation and make recommendations. The commission was stacked with integrationist by the Talmadge - Vandiver political machine. It held hearings all over Georgia and found that an overwhelming majority of Georgians, Whites and negroes, wanted Segregated schools and were opposed to mixing under any circumstances. In contempt of the people, the commission recommended "token" integration to the legislature. That paved the way for Herman Talmadge to write a letter to one of his chief political lieutenants, James S. Peters, former Chairman of the Democratic party of Georgia, in which he advocated that Atlanta schools be integrated so that other Georgia schools could remain segregated. The Talmadge plan is to divide the state by persuading the rest of the state to abandon the White children of Atlanta to integration and the blackboard jungles. Herman has always known that the plan of the integrators was to first integrate Atlanta and then it would be easy for them to integrate the rest of the state in slow "easy to take" doses.

POLITICAL DEALS

The Talmadge political machine, with the full support of the Jews, Ralph McGill, and the Atlanta newspapers, dominates Georgia politics. It was a political deal between Herman and McGill that elected Vandiver as Governor and Garland Byrd as Lieutenant-Governor in 1958 with the expectation of electing Byrd as Governor in 1962. Byrd will be disappointed on election day. Frank Twitty, who was floor leader of the Georgia House of Representatives when Herman was Governor, was placed in the same position under Vandiver. Twitty supported Kennedy and is a leader in the fight to integrate Georgia schools. Other Talmadge lieutenants hold key

Dear Reverend Johnston:

Because of budgetary limitations it has become necessary for us to revise the mailing list for Senator Talmadge's weekly column effective March 15 to include only newspapers of general circulation.

I deeply regret that the demand for use of the Senator's column has been so great that it has become necessary for us to exclude specialized publications but I am sure you can understand our difficulties in this regard.

With every good wish, I am

Sincerely,

Leo Frank Case and Today's Jewish Rape of the South

A Christian Girl Murdered - A Jew Arrested - A Horrified, But Awakened Southland

Little 13 year old Mary Phagan was called the sweetest tempered, happiest and prettiest little girl at the Atlanta Baptist tabernacle where she attended church. Mary was the daughter of a hard working cotton mill hand, with a family of six children. It was April 26, 1913, Confederate Memorial Day. Mary awoke this bright holiday morning and eagerly looked forward to watching the gay patriotic march of the Confederate Veterans down Peachtree Street that afternoon. Mary had her usual breakfast of bread and cabbage (common of food afforded by the depressed White working class).

Mary was a victim of child labor violations which are today a crime. Child labor was common and tots 6 to 10 were to be found slaving away in Rothschild owned cotton mills. Mary was going to pick up her weeks pay (\$1.20) at the National Pencil Co. on Forsyth Street before watching the parade. She dressed up in a pretty lavender dress and a large straw hat decorated with ribbons and flowers. Smiling with pride as she left her home, she carried her little silver mesh handbag, which was her greatest treasure. At 11:45 A.M. Mary caught the English Avenue trolley car which carried her downtown. George Epps, a 15 year old news boy acquaintance sat beside Mary. Mary started talking about her boss Leo Frank. She was afraid of Frank and wanted young Epps to escort her to the factory. It was a holiday and she didn't want to be alone in the building with Frank. She told Epps that Frank would get her in a corner and make passes at her. Often he had smiled and winked at the little girl during working hours. Epps was late for his street corner job of selling the Atlanta Journal and told Mary he would see her later.

MARY REACHED THE PENCIL FACTORY AND ENTERED. NEVER TO BE SEEN ALIVE AGAIN BY THE OUTSIDE WORLD!

She entered the building at 12 noon, an hour and ten minutes later (1:10PM) Frank left and locked the factory which was by now the grisley tomb of Mary Phagan!

What kind of a man was Leo Frank? Frank was born of German-Jewish parents, attended school in Brooklyn and graduated from Cornell University. Frank moved to Atlanta and at the age of 23 became Superintendent of the National Pencil Co. Factory, owned by his uncle Moses Frank. Now six years later, Frank was considered to be a very successful young Jew around Atlanta. He had just been elected President of the Atlanta Chapter of B'nai B'rith.

BUT THERE WAS A SECRET SIDE OF LEO FRANK WHICH LAY HIDDEN FROM THE WORLD

Physically, Frank was an unimpressive man, nervous, of medium height, narrow shoulders, a long sharply pointed nose, very thick lips and sharp shrewd eyes. Frank, acting the factory big boss, was a fussy little executive, his eyes were so weak he wore spectacles with extraordinarily thick lenses, that gave him a grotesque appearance. Reporters who later interviewed him described Frank as a cold and egotistical man whose personality repelled them. (Does this not describe today's average Jew?)

THE INQUEST

At the coroners inquest Miss Nelly Pettis told how she came to the factory to collect her sister-in-laws pay, she swore that Frank pulled out the cash box, winked at her and said, "How about

it?" Nelly replied "I'm a nice girl". Frank persisted and Nelly walked out of the office and told Frank, "go to Hell".

Another young woman told how Frank tried to close the door after he got her into the office, though she prevented this he got close to her and "put his hands on me, barely touching my breasts." Other girls working in the factory testified that Frank would look into the girls dressing room where they changed clothes and he tried to get familiar with Mary Phagan while she worked at her machine.

FRANK FOUND WITH YOUNG GIRL

Robert P. House a special policeman Atlanta's Druid Hills section, said he had followed Frank and a young girl into the bushes near a swampy place. When he approached, the young man jumped out and said, "I don't want you to see the girl. I admit that we that we came here for immoral purposes. Please don't make a case against us or arrest us. It would disgrace us both." The kind officer let them go.

Other stories were:

That Frank got another under-age girl employee pregnant and shipped her off to the House of Good Shepherd in Cincinnati to have her baby. That Frank kept lewd pictures. That Frank was homosexual and preyed on his defenseless young office boys. Also it came out the the Jewish Talmud strictly forbade the defilement of Jewesses but condoned the ravishing of Christian girls.

WHAT IS THE TALMUD?

The Babylonian Talmud is the Jewish holy book, used in the training of rabbis, taught in the synagogues by the rabbis and studied by the Jews from an early age until death.

Bound Over For Phagan Murder

HOW MANY LEO FRANKS ARE WORTH ONE MARY PHAGAN?

A JEW WHO KILLS A CHRISTIAN COM-MITS NO SIN, BUT OFFERS AN ACCEPT-ABLE SACRIFICE TO GOD, RANTS THE TAL-MUD (Seph'er Or Israel). "Even the best of the non-Jews should be killed."—Abdodah Zarab, 26b, Tosepboth.

"When the Messiah comes every Jew will have 2800 slaves."—Simeon Haddarsen, fol. 56-D.

"Jehovah created the non-Jew in human form so that the Jew would not have to be served by beasts. The non-Jew is consequently an animal in human form, and condemned to serve the Jew day and night."—Midrash Talpith, 225-L.

"A Jew may do to a non-Jewess what he can do. He may treat her as he treats a piece of meat."—Nadarine, 20, B; Schulchan Aruch, Choszen Hamispat 348.

This was the man Mary Phagan faced when she entered the building at 12:00 noon to pick up her little pay envelope. Another employee, Miss Monteen Stover swore that she too went to Frank's office at approximately 12:05 and found it empty. She waited five minutes and left. Where was Frank in the deserted factory building, and where was poor little Mary Phagan? At 1:10 P.M. Frank locked the building and went home for dinner. At 3:20 p.m. Frank returned to the factory and remained there until Newt Lee, the Negro night watchman arrived at 4:00. Frank rubbed his hands nervously and sent the Negro off telling him to return at 6 P.M.

THIS HAD NEVER HAPPENED BEFORE--FRANK APPEARED TO BE WAITING FOR SOMEONE--BUT WHO COULD IT BE?

Frank admitted it only took 30 minutes to make up the company books --why was he stalling the night watchman? Why was he hanging around the empty factory --ON A HOLIDAY? At 6 P.M. Frank went to leave the building when he was met by Newt Lee and Bill Gantt (A discharged employee who returned for 2 pair of shoes he left in the building) Frank jumped back-startled at the appearance of the two men. Frank reached home at 6:30 - he phoned watchman Lee "in order to see if everything was OK." No one answered, so Frank again called at 7 P.M. - still no answer. Finally at 7:30 he reached Newt Lee on the phone. Lee told him everything was alright.

WHAT DID FRANK FEAR LEE MIGHT DISCOVER IN THE DESERTED FACTORY?

Frank's in-laws held a card game in the home that night - Frank was to upset to play, he read for awhile and retired to his bedroom early.

THE HORROR DISCOVERED

At 3 A.M. night watchman Newt Lee went to the basement to use the rest-room. In the dim grey of his lantern he saw something in the corner. Were his eyes deceiving him, did some devilish boys throw something into the basement to frighten him (after all, this was a holiday?) Inching closer, the terrified Negro let out a shrill scream and dashed out of the cellar to phone the police.

The detectives crept toward the still form. One look was enough to convince the police that the child must have put up a terrific struggle against her attacker. Her face was so dirty, so bloodied and scratched, so seamed and pitted by cinder fragments that it was almost impossible to tell whether she was white or black. Her underclothing had been ripped and was smeared with blood, urine and other substance. Her

nostrils and mouth were choked with cinders as though the killer had dragged her by the feet with her head down along the basement floor, grinding her face into the cinders, perhaps to still her cries. There was also a hole in her head as if she were struck with a crushing instrument. Blood had oozed out of the gash and was matted in her hair. There was blood on her undergarments and a hose supporter had been ripped loose from her corset.

Dr. H. F. Harris prosecution medical witness found the child had suffered some strange "violence to her sex organs." In a far corner of the cellar lay one of the little girl's shoes, in another part of the cellar her hat. It had been stripped of the flowers and ribbons that had so gaily adorned it. The flowers were gone, so was the silver mesh bag and her \$1.20 pay which Frank had given her.

The body was lying upon an ash heap with her arms crossed. A piece of her under garment was around her neck and a packing rope was

THE TRIAL AND SHOCKING REVELATIONS

On August 4, Jim Conley, the factory sweeper testified that on certain days Frank has asked him to "watch the door for him." Explaining, Conley said "Mr. Frank would have young ladies up in his office. Frank had told me, "Jim, there will be a young lady up here to chat with me in a while and I want you to watch the door while we are up there. I want you to do like you always do. When the lady comes up, if I stomp my feet on the floor, you go and lock the front door. When you hear me whistle, you go and unlock the door and get back some-where. On April 26, Miss Mary Phagan entered the building at noon and went up the stairs. Then I hears and thought that two people was coming from the office and going to come down the steps but I heard the footsteps all past the head of the steps and go back towards the metal room and after a little while I hear a lady

imbedded deep into the flesh of her dainty white throat. Her face was dark purple, her eyes bulged and her tongue protruded from her mouth.

IT WAS SADISTIC TORTURE FOLLOWED BY STRANGULATION! A SEX MONSTER HAD COMMITTED THE MOST CRISLEY MURDER IN GEORGIA HISTORY.

THE AUTOPSY

Dr. Harris's examination of the process of food digestion found the death time to be about 12:15 to 12:30 in the afternoon.

scream back there -THEN EVERY-THING WENT QUIET AGAIN."

"Next Miss Monteen Stover come and she come on in and went up the steps. Well, this Monteen Stover come on down and everything was quiet and then I heard somebody tip-toeing from the back of the building towards the head of the stairs on the second floor, sounded like they was kinda running on their toes when I heard somebody go back towards the metal room on their tiptoes and about that time I dozed off."

(Editors Note - The following is the true facts as pieced together from

Franks admissions and evidence of blood spots on the metal room floor and hair found on a near-by machine.)

At 12:00 noon Mary Phagan cautiously entered Frank's office and timidly asked for her \$1.20 weeks pay. Frank got out the cash box and gave her the envelope. Mary then asked, "Has the metal come?" If it had not, Mary would not work on Monday. Frank knew the metal for the pencils had not come - but he answered, "I don't know." Frank knew that this answer would send the child back to the metal room to find out if she had to work on Monday. Frank followed the girl, his satanic mind took over and in the metal room he struck. Mary screamed and fought back. Frank lunged at her and her head hit a machine. She fell to the floor semi-conscious. Frank heard steps and went back to see Miss Stover leaving after finding Frank's office empty. Returning to Mary, he performed his bestial perverted acts on the little child. The child was still alive after the choking from the under-garment. Frank then took a rope and snuffed out the little girl's life."

(Editors Note - following is a return to Jim Conley's testimony.)

"I waked sometime later. I heard Mr. Frank stomping on the floor was what woke me. I locked the door like he done told me to do when I heard him stomping, finally he begin to whistle and I unlocked the door and went up the stairs. He stood at the top, just a shivering and a rubbing his hands together and he had a cord in one hand. His eyes were large and he looked funny, his face was red-like. He asked me if I saw the little girl come up the stairs. I said yes - he told me I would never see her go back down. He said he tried to be with her and she tried to stop him. He guessed he hit her too hard. "Jim" he says to me, "you know I ain't made like other men."

"On last Thanksgiving Day, I first saw he wasn't made like other men. I had seen him in a position like no other man who has got children. The lady was sitting in his office chair that time. I also seen him on other occasions, once in the packing room with a woman lying on the table."

"Frank told me to go and bring Miss Phagan down to the basement. I saw the little girl was dead and wrapped her in bagging and we carried her downstairs. He told me to take the body far to the back and dump her in the saw dust pile, I half dragged her through the cinders on the floor. Back in the office, Frank was nervous. He took out a role of bills. "Jim, I've got lots of money saved up, that fat wife of mine wanted to buy an automobile but I wouldn't do it, I've saved my money." Frank told me he wanted me to come back to the building after lunch and burn the body. He gave me the \$200 to hold. Then he took it back. I thought he wanted to count it, but he kept the money he had given me. He jumped up and clapped his feet together and said, "Why should I hang? I've got wealthy folks and they'll take care of me." He told me to keep my mouth shut and everything would be alright.

Jim Conley left the building - he got drunk and never returned that afternoon to burn the little body for Frank.

The trial was long, organized Jewry moved in. Never before in American history had Jewry allowed one of her sons to go to the gallows, especially with Frank being President of Atlanta B'nai B'rith. The highest priced lawyers were brought in. New York's famous Burns Detective Agency was hired to prove Frank innocent. First Frank said the white man who came after his shoes did it. Next he said Newt Lee the night watchman did it. But the jury unanimously said Frank did it and Judge Roan sentenced him

The Girl Who Was Found Murdered

to hang until dead. The Jews were not to be counted out yet. They appealed to higher courts, started mass defense rallies in Chicago and New York. Even Jewish groups marched and protested for Frank in London, Paris and Tel Aviv. "The New York Times and other Jewish newspapers and magazines joined to denounce this "discrimination and hate in Georgia." Finally they lost their appeal, but Money Power still could buy Frank's life. The night before Frank was to be executed the out-going Governor, John M. Slayton commuted the death sentence to life imprisonment, meaning a parole in a few years.

Georgians were shocked, as were all true loyal Americans everywhere. Was Jewish money power to triumph over Justice? Was an honest trial by jury to be subverted? Were murderers of little Christian girls to go free just because they are Jews? Were they who blasphemously call themselves "The chosen people" be allowed to bribe public officials and defy the will of our people? Georgians answered NO! One hundred and fifty men gathered in the dark glow of the moon, over the grave of Mary Phagan. Kneeling before her tomb they organized. "The Knights of Mary Phagan." It was in Marietta, Georgia her birthplace, where she was laid to rest in the city cemetery, that white-men swore Justice would be done. All over Georgia Knights of Mary Phagan lodges were formed.

On August 16, 1915, five automobiles and 25 men pulled up to the Milledgeville State Penitentiary. Swiftly but quietly they went about their work. The telephone wires were cut so that no warning could go out, guards were hustled off and locked up. Frank, shocked at seeing native American Justice carrying out the will of the

Jury, protested as he was hauled off. The next morning in Marietta, Ga., 150 miles from the prison, Leo Frank was finally hanged. World Jewry mourned and cursed the State of Georgia. The people had triumphed over Jewish high pressure, Jewish money power and a sell-out Governor, bought off with Jewish finance.

LEO FRANK CASE AND TODAY

Today Georgians face more treason, subversion and sell-outs, bought and paid for by Race-Mixing Jews. The President of the NAACP is the Jew Arthur Spingarn. The leader of CORE sit-ins is the Jew Marvin Rich. The Atlanta Race-Mixers are Jewish Anti-Defamation League head, Art Levin and the Jew who owns half Atlanta Ben Massell and Rabbi Rothschild along with many other conspirators who meet weekly at Atlanta's Jewish Community Center. Who are their stooges, first Mayor Heartfield and Chief Herbert Jenkins who win office every election by only 4 or 5 thousand votes, provided by Atlanta's highly organized Jewish community.

Just as Gov. John M. Slayton sold out to the Jews in the Leo Frank case, Gov. Ernest Vandiver has taken the Jewish bribe and turned our children over to race-mixing without a fight. Vandiver turned the State Police against the White people of Athens and protected the Negroes from the people. Vandiver swore there would never be any Race-mixing in Georgia, but the power of Jew money subverted the will of our people and through Vandiver the Jew has forced the Negro upon our children. The Jew Leo Frank tried to use the Negro night watchman to take the blame for his rape and murder of Mary Phagan. Jew race-mixers are today using the Negro to rape and destroy our pure White children. The Jew again has us fighting the ignorant Negro, when it is the Jew who has all along been masterminding this crime against all of our White womanhood. The Jew despises our race and seeks to force us into submission by mongrelizing our people with the black race. Just as the Jew worked our little children in their sweat shops of Mary Phagan's day does he now seek to enslave our entire White race of people. He wishes to force us down into low degeneracy of the Negro, while the Jew remains safe and segregated behind the ghetto walls of his Jewish Community Center, his private all Jew schools, fraternities and clubs. Just as it was the Jew, not the Negro who destroyed Mary Phagan, it is the Jew who today seeks to snuff out the very life and existence of our people. The Jew is the satanic enemy of the White Christian way of life.

positions in the Vandiver administration. While Herman enjoys himself in Washington, his lieutenants in Georgia, with his full support and backing are trying to push Georgia's White Children into the integration jungle. Talmadge could have easily stopped the Vandiver plan to integrate Georgia by merely speaking out against it. Instead, he supports it. When White people write and ask him to furnish active leadership for the White people and ask for advice on the South's racial crisis, Herman contemptuously replies, "That is a question which addresses itself to the state legislature." When he asks the White people for their votes for himself when he runs for re-election in 1962 and asks for votes for his stooge, Garland Byrd, for Governor, the White people of Georgia will reply, "That is a question which addresses itself to the Jews and negroes because we are going to vote against you two betrayers of the White race." We will vote for Roy V. Harris for Governor and someone else for Senator. Rastus McGill, the integrator, says that Talmadge has become a statesman. We can't trust anybody who is praised by McGill. We can only remember what Herman's great and sincere father said about praise from the Atlanta newspapers.

MCGILL FOR VANDIVER

Talmadge's stooge, Vandiver, has completely surrendered to integration at the University of Georgia. He even called the federal court order forcing integration the "law of the land." With full praise from McGill he is using force, in cooperation with the F.B.I. gangsters, against the White university students to prevent them from exercising their Constitutional right to protest.

VANDIVER ELECTED KENNEDY PRESIDENT

In the last September's state-wide Democratic referendum, the voters, by a large majority, voted for Georgia's Presidential Electors to be free and independent and to not vote for Kennedy. In contempt of the express will of the people, McGill, Vandiver, Twitty, Garland Byrd and other politicians controlled by Herman Talmadge insulted the people of Georgia by saying that the people were confused and didn't know what they were doing when they voted for free, unpledged electors. If they were ever confused, it was when they voted for Talmadge, Vandiver and Byrd. Kennedy let word get to Vandiver that he might be made Secretary of the Army if he would deliver Georgia's electoral votes to him, so Vandiver stood with Kennedy against the White people of Georgia. If Georgia's electors had joined with the free electors of Mississippi and Alabama, enough electors from other states would have then come along so as to throw the close presidential election into the House of Representatives. That would have prevented integrationist Kennedy from becoming president and we White people would now have a voice in the Government instead of Kennedy and his gang of Jews and negroes. Instead of courageously standing with the White people of Georgia, Vandiver sold us down the river so as to promote his selfish political ambition and to please Talmadge and McGill. Kennedy has now promised Vandiver a responsible job in his administration as soon as his term as governor ends because he is obligated to Vandiver for the presidency. Vandiver would do well to take the federal job because the White people will never vote for him again.

PRIVATE WHITE SCHOOLS

Private White schools are the answer. If we submit to "token" integration, the next step will be for the tyrannical federal courts to outlaw pupil placement laws and flood our public schools with black savages. They would then integrate the teaching staffs so that White children would have negro teachers. Jewish Judge Irving Kaufman has now ordered the school board of New Rochelle, N.Y. to allow negroes to go to public schools out of their home districts so they can go to school with Whites. In New York, buses are being used to haul negroes from one side of the city to the other to mix them with White school children. The Jew-controlled federal courts intend to force the South to do the same way. So, THE ANSWER IS for the State to go out of the public school business; public schools are failing to educate the students, anyhow. The buildings should be sold to private school corporations. Grants-in-aid, patterned after the "G.I. Bill," should then be paid to all students for their private education.

WHY DID VANDIVER RUSH INTEGRATION

Segregation is winning in New Orleans! The integrators are being beaten back. The White people of New Orleans are winning the Second Battle of New Orleans to maintain White schools for Whites. McGill, Talmadge, Vandiver, Garland Byrd and the Jews decided to speed up integration in Georgia so as to avoid defeat for themselves when they saw that the Whites were winning the Battle of New Orleans and would have that fight won by 1962. Until they realized that, they hadn't planned to integrate Georgia until 1962. However, they knew they wouldn't be able to force integration on Georgians who had seen how a White victory had been won in New Orleans, so they accelerated their plan to integrate Georgia by 1961. However, Georgia will defeat integration and have White schools. Public schools should be sold to private schools now. All leading educators will tell you that private schools provide education that is far superior to race-mixed public schools. We still have White schools regardless of Talmadge, Vandiver, McGill and the Jews. Herman has betrayed the White people of Georgia, so we will no longer be deceived by his tricks. When integration is stopped in Atlanta, it will be stopped everywhere else. The Thunderbolt brands Herman Talmadge an enemy of the White race and calls upon all loyal White people to speak against him and vote against him.

KENNEDY APPOINTS MORE JEWS TO POWER

In the last issue of "The Thunderbolt" we reported how Kennedy was loading down the Government with Jews. Besides being the first President in history to appoint three Jews to the U.S. Cabinet, he is filling all the lesser posts with radical Zionist Jews. Here is the latest up to the hour count:

1) ABRAHAM RIBICOFF, Jew Sec'y of Health, Education & Welfare. (promised first vacancy on Supreme Court.)

2) ARTHUR GOLDBERG, Jew Sec'y of Labor. On Jan. 30 at a dinner honoring communist Congressman Adam Clayton Powell from Harlem, Goldberg announced: "Discrimination against Negroes in Labor must end." He added that too many Negroes were unemployed, Goldberg pledged that firms holding Government contracts must hire as many Negroes as Whites. This will mean many White men laid off, and Negroes replacing them on their jobs. (NOTE: this is known as Jewish Brotherhood.)

3) DOUGLAS DILLON, Sec'y of the Treasury (Real Russian Jew name, Lapowsky) Just think of it, a Jew in charge of the nation's purse strings. One reason the South lost the Civil War was because a Jew, Judah P. Benjamin was Sec'y of the Confederate Treasury. Will America lose the war against communism because a Jew from Russia controls our Gold?

4) NEWTON MINOW, Kennedy's new appointment to head the Federal Communications Commission. This Jew will decide who gets free and equal time during elections on T.V. and radio. (Remember Jews control ABC, NBC, & CBS as well as Associated Press & International News Service and most all movie studios. They use these forces to brainwash sleeping Americans. With Minow in they plan to squeeze out the few Gentiles left.)

5) SEYMOUR L. WOLFBEIN, Assistant Sec'y of Labor. (Fine example of how Jew appoints Jew to all important positions under him. He takes over when Goldberg is out of the office.)

6) MORTIMER M. CAPLIN, Kennedy's Jew choice for the extremely important post of Internal

Revenue Commissioner.

7) LOUIS F. OBERDORFER, Caplin's choice for Attorney General in charge of the Tax Division. (Another example of Jew appointing fellow Jews.) Oberdorfer is from right here in Birmingham, and a member of Temple Emanuel, with a record of Race Mixing activities. Jew business men will get all the "tax breaks" during the next four years, while Gentile businessmen will be ground under for every dime these Jew tax men can squeeze out of you.

8) EDWARD GUDEMAN, JR., is the Jewish Undersecretary of Commerce. He is a partner in the giant Jewish investment house of Lehman Brothers, and a former Vice-President of Sears Roebuck and Company. (The Rosenwald family has taken over Sears.) Gudeman is also a member of the National Conference of Christians (sic) and Jews.

9) MYER FELDMAN, Kennedy's aid in charge of Budget and Programming.

10) PAUL A. SAMUELSON, Kennedy's Jew advisor on Business, (Kosker business that is.)

11) PIERE SALINGER, Kennedy's Jew Press Sec'y and the Nations Propaganda Minister.

STATES RIGHTERS, A SECRET
REVOLUTION HAS TAKEN
PLACE IN WASHINGTON. THE
JEWS HAVE TAKEN OVER THE
UNITED STATES GOVERNMENT.

None of these Jews were ever elected by the people of this Christian land but bought power by financing Kennedy. Kennedy himself admits that he never met most of 'his' appointments until shortly before he took over. WHAT SECRET JEWISH HAND IS GUIDING THIS CONSPIRACY? The only way to stop these Jews is to turn the spotlight of truth on this enemy within. They do not want the voters to know that all these men are Jews, we can drive them out by telling the people these facts. It is up to all of you to pass out extra copies of this paper, tell your friends and neighbors about this. Join the National States Rights Party and form a Unit in your community. We believe that America will be freed via the secret ballot, not a silent bullet. Only the NSRP can save America from a blood-bath, we must organize now, and vote these traitors out of office.

REMEMBER MARY PHAGAN COMMITTEE VISITS GRAVE

Robert Bowling of Atlanta, Ga., Chairman of the "REMEMBER MARY PHAGAN COMMITTEE" placed flowers on the little girl's grave recently. His newly formed group vowed to push an education campaign to keep alive the memory of this little girl and the purity which her very being represented. Mr. Bowling reported that the inscription on her grave reads: "In this day of fading ideals and disappearing landmarks, Little Mary Phagan's heroism is an heirloom than which there is nothing more precious among the old red hills of Georgia." "Sleep Little Girl sleep in your

humble grave, but if the angels are good to you in the realms beyond that troubled sunset and the clouded stars, they will let you know that many an aching heart in Georgia beats for you and many a tear from eyes unused to weep has paid you a tribute too sacred for words."

The monument was erected by the Marietta Camp #763 of the United Confederate Veterans.

Mr. Bowling will begin a program for the beautification of the grave site and announced pilgrimages will be made regularly to the grave in City Cemetery, Marietta, Georgia.

All wishing to help in this program may phone Mr. Robert Bowling in Atlanta at 457 - 5441
